

Request a Quote

Fast Quotes. Simple Process.

Choose the option below to request pricing for Calibration, Testing, or Equipment Sale.

Option 1: Email Your Equipment List

Send your request to quotes@pmicals.com

Please include:

- Company name and contact information
- List of items needing Calibration or Testing
- Any special requirements or service notes

For fastest processing, attach your equipment list as an Excel spreadsheet or PDF.

Option 2: Use Our Website Request Options - Links Below

On the PMI Request a Quote page, customers can choose the request type that fits their needs:

- Calibration
- Equipment Sale
- Testing Services

You can upload your equipment list directly through the site. Excel or PDF files are preferred.

Providing complete and detailed information helps PMI return an accurate quote quickly.

Volume Discounts Available

At PMI, we understand that service value matters. **Volume-Based Pricing** - The more items we calibrate, the greater your cost savings. Submit your full equipment list to maximize your savings and let us support all your calibration and testing needs.

Excel and PDF equipment lists are preferred for the fastest quote turnaround.
