

Professional Quotes. Prompt Response.

Request pricing for Calibration, Testing, or Equipment Sales using one of the options below. PMI calibration and testing are performed by our ISO/IEC 17025:2017-accredited laboratory.

Option 1: Email Your Equipment List

Email your request to quotes@pmicals.com.

Please include the company name and contact information, a list of items needing Calibration or testing, and Special requirements or Service notes. For fastest processing, attach your equipment list as an Excel spreadsheet or PDF (one file is fine).

Option 2: Submit Our Online Form

Complete the online quote request form using the links below. You may upload your equipment list within the form (Excel or PDF preferred). Providing complete and detailed information helps us deliver an accurate quote quickly.

Volume Discounts

Volume-based pricing may be available. Submit your full equipment list to maximize potential savings.

Our Commitment: PMI is proud to operate as a Disabled Veteran-Owned Small Business, committed to delivering reliable calibration and testing services to government, defense, and commercial customers.
